You can't stop what you can't catch...

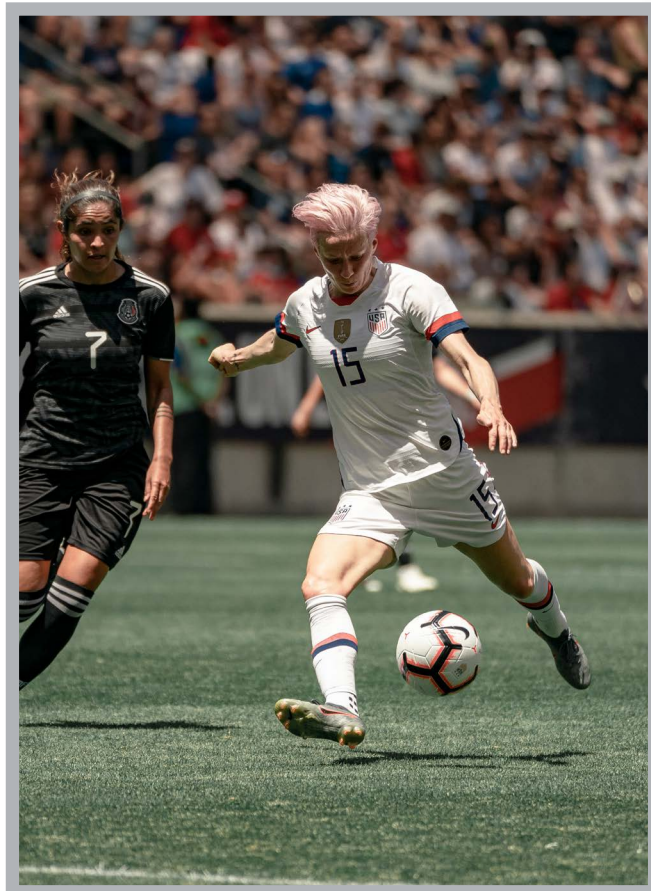

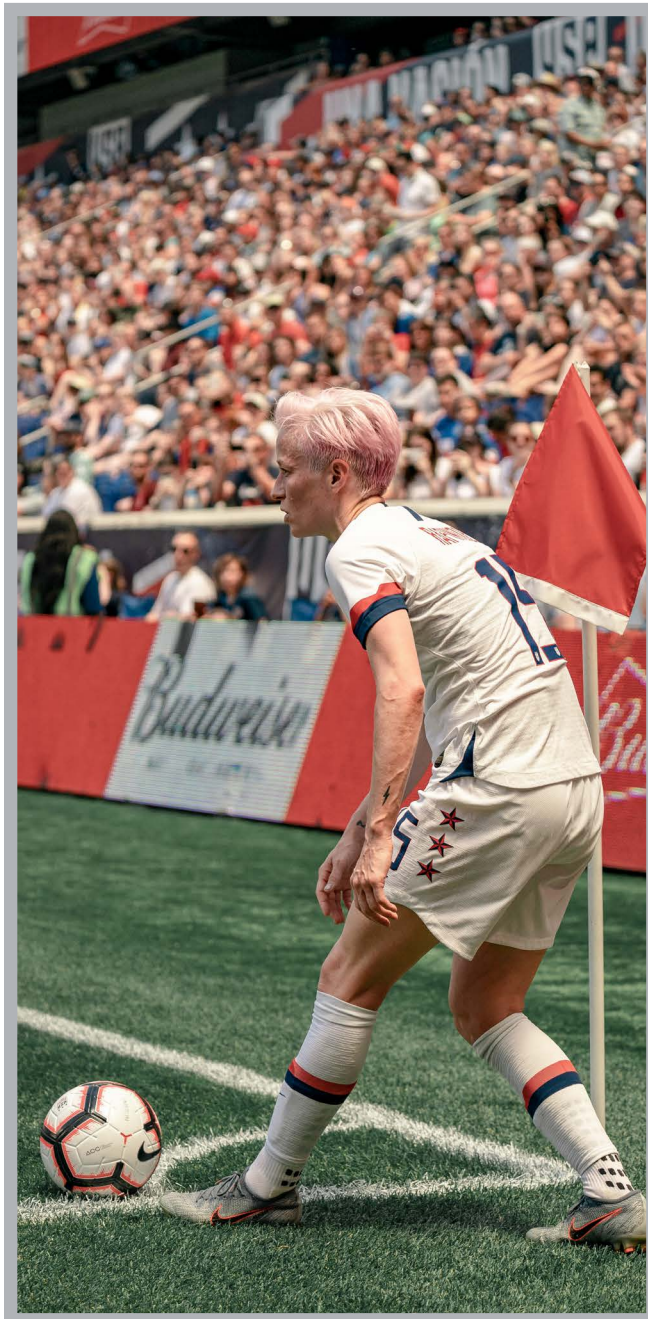

“With this final friendly closing the womens send off tour the squad is well prepared to head to France.”

That surely was never in doubt though. They proved what they were capable of with their debut match ending in a solid 13-0 win over returning side Thailand.

Wouldn't you like to travel
back in time to the 1940's?

Every year on the first weekend in June the Mid-Atlantic Air Museum hosts it's annual World War II Weekend. In the Reading Airport guests can travel back in time to see real historical pieces from the time. From clothes and vehicles, to weapons and music, everything is here. It's certainly something to behold.

As the battle ensues the Americans flank the German forces inevitably forcing them to surrender.

PHILADELPHIA UNION X NEW YORK RED BULLS

The Philadelphia Union took on their I-95 rival, New York Red Bulls in a thrilling come from behind victory. The Union would fall behind by two goals before a second half comeback. Ilsinho would come on and score a brace and assist another goal to win the game 3-2.

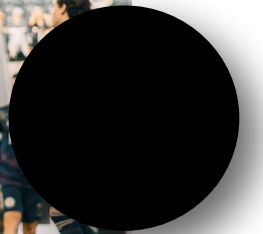

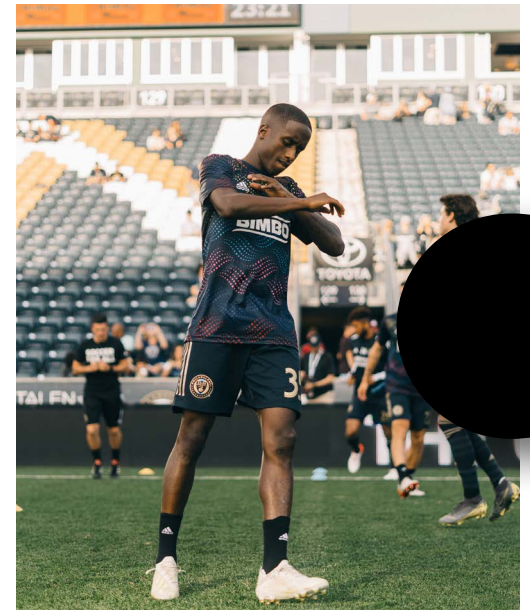

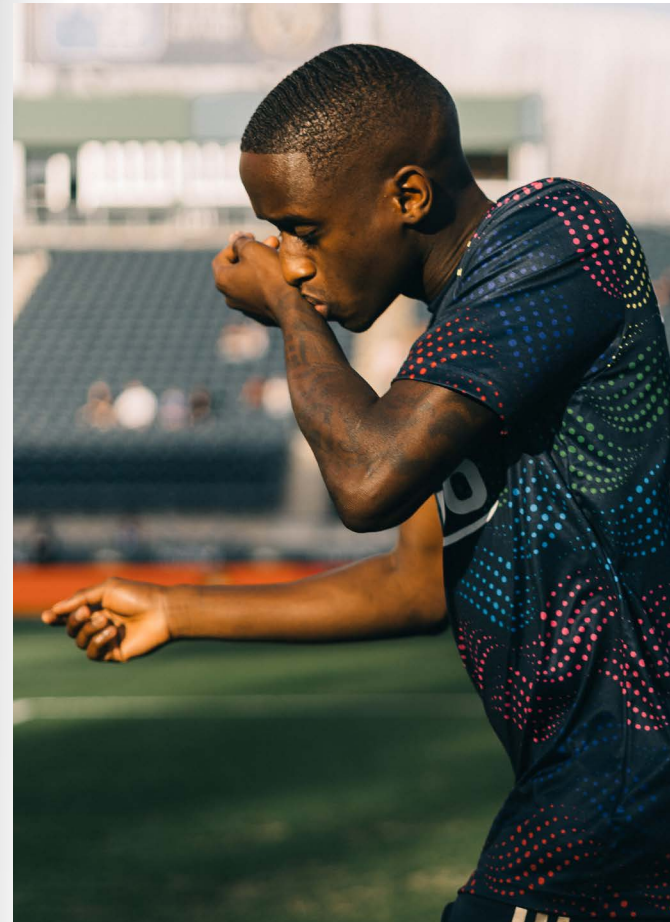

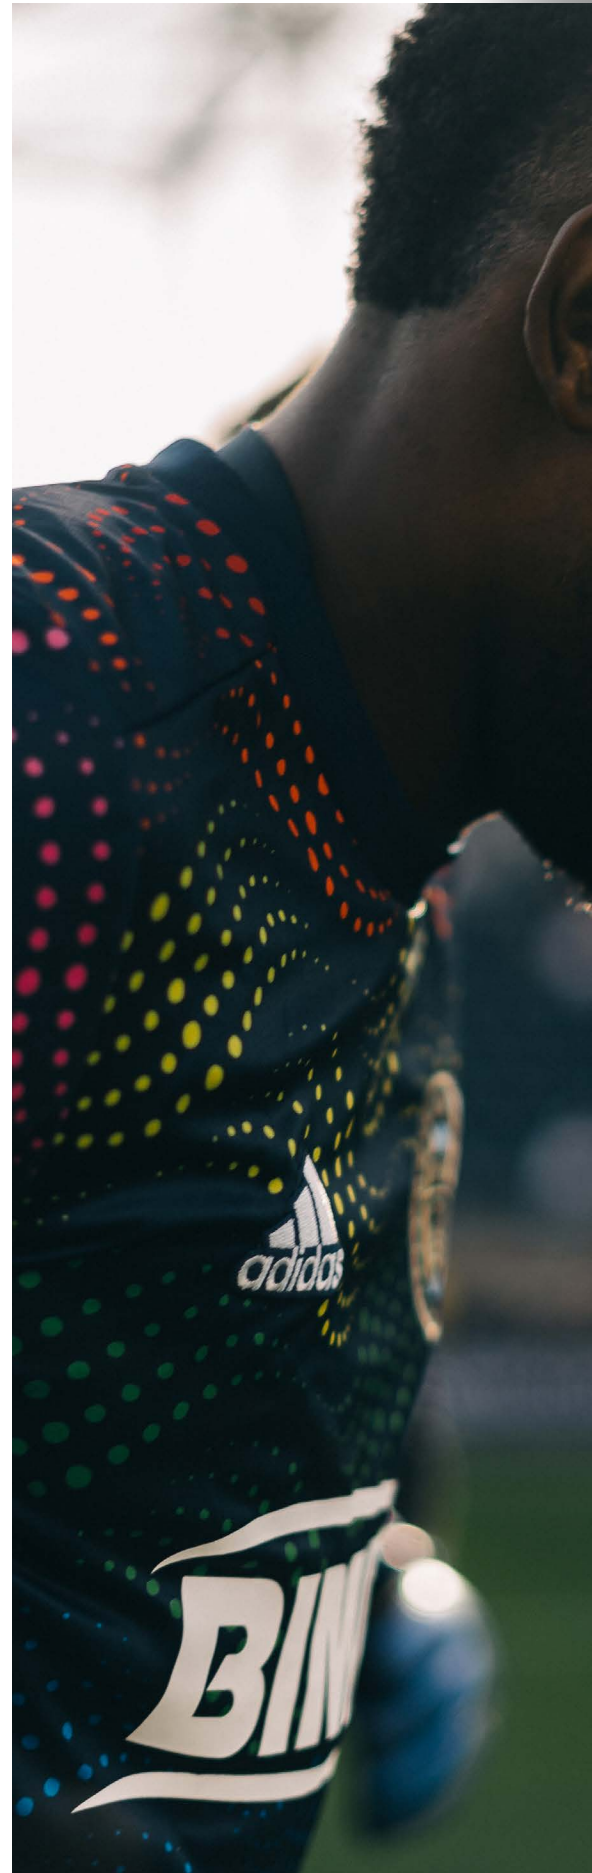

It's Ilsinho's world
and we're living in it.

A One Sided Rivalry That Stays Heated.

- The Union hold the Red Bulls as one of their main rivals when it comes to regular season matches. However, the Red Bulls don't hold the same sentiment. They hold their anger with their new local club New York City FC. Even with this in mind, the matches between the two always get tense.

It's now or never.

BRINGING THE BEAUTIFUL GAME TO EVERYONE

find your football, led by female ex professional soccer player dkay henry, held together a pre women's world cup soccer clinic for youth girl players from all around the city giving them an outlet where they can feel comfortable, and play and learn the game from coaches just like them. the fyf crew are very familiar with the struggles that young female players can encounter trying to develop their game in the city, so they're on a mission to change that. the first of many clinics was a success bringing awareness to the community of what can be achieved and introducing them to a guide for the future of female footballers.
